Hello Kendall,

I just saw your email. Today's pretty busy and Devlin may not have seen your communicate either as of yet, as we're kicking off construction at one of our middle school sites and we have every custodial staff member, every maintenance staff member, every grounds staff member, and all of our technology services group at that site moving furniture, boxes, shop equipment, and technology today and tomorrow. Devlin is overseeing the process.

I am available for 30 minutes in the morning (9:00-9:30 Pacific) or between noon and 12:45 p.m. tomorrow. I'm also available after 3:30 p.m., but figured that would be after the end of your day. I will see if I can get Devlin's input and lock down one of those times.

Hey John and Devlin, just wanted to touch base to see if you are available for a quick conference call this week to give us an update on the remediation. Tomorrow and Thursday are good for me.
